DETAILED ACTION

1. This communication is responsive to the election filed 04/16/03.
2. Regarding to the response to restriction requirement, applicant's request for reconsideration of the restriction requirement is persuasive and, therefore, the restriction requirement made 3/11/03 is withdrawn. The examiner sincerely apologies for the delay.

Election/Restriction

3. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 25-29, drawn to an acoustic structures/structural elements of a pillar for an automobile, classified in class 381, subclass 86.
 - II. Claims 1-24, drawn to an acoustic structures/structural elements of an A-pillar for an automobile, classified in class 381, subclass 389.
4. Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP ' 806.05(c)). In the instant case, the combination, an acoustic pillar as claimed does not require the particulars of the subcombination, an A-pillar as claimed because of the invention II only drawn to an acoustic A-pillar in automobile.
5. Because these inventions are distinct for the reasons giving above and have acquired a separate status in the art as shown by their different classifications, restriction for examination purposes as indicated is proper.

6. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).

7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
